

# CritScript 2025 Varanasi

Theme: Multidisciplinary Prescriptions for Critical Care Excellence

**Date: 12th & 13th April 2025**

**Venue: BHU, Varanasi**

**Prof. (Dr) Bikram Gupta**

MD, PDCC, CCM, EDIC (London), FACEE, FICCM, FRCEM (UK)  
Division of Critical Care Medicine  
Institute of Medical Sciences  
Banaras Hindu University

**Dr Vanita Mhaske**

MBBS, DNB, FCCS (OBS) USA, MRCOG (UK)  
Director  
Relife Care Hospital  
Ashokpuram Colony, Dafi Varanasi

# Welcome Message

Dear Friends and Colleagues,

Greetings from the Organising Committee of the CritScript 2025 Varanasi !!!

It gives us immense pleasure to welcome you to the CritScript 2025 theme of the conference is "Multidisciplinary Prescriptions for Critical Care Excellence" scheduled to take place in the holy city of India Varanasi, Uttar Pradesh, from 12th- 13th April 2025.

Our conference is dedicated to fostering a community where experts can come together to share knowledge, insights, and a genuine passion for transforming lives.

We're all about customizing strategies for Critical care that truly resonate with the unique needs of patients in India. Our lineup of speakers and sessions promises to be inspiring, enlightening, and empowering. We're excited to create a space where ideas can flourish, connections and meaningful changes can be made.

The proposed Scientific Program will consist of the, Guest lectures, Debates, Case based Sessions and various topics of interest. The Deliberations will be done by eminent Critical care Experts from across the Country.

Also, you will be in Varanasi, the oldest living city on the Planet, one of the holiest places in our culture. It has its own old-world charm which co-exists side by side with modernity.

The Great Ayurvedic Treaties - Charaka Samhita and Sushruta Samhita were composed here in Varanasi. The holy river Ganges charms the city and adds to its spirituality. It is also the land of Lord Buddha's First Sermon at the Deer Park of Sarnath and many temples.

We are sure your visit to Varanasi to enjoy the Academic Feast along with Banarasi Masti.

Once again, we invite you to CritScript Varanasi.

Thanks & Regards

**Prof. (Dr) Bikram Gupta**

# Scientific Program

Day 1: 12th April 2025

Time	Topics
<b>Pulmonary Critical Care Rx</b>	
08.00 AM- 08.20 AM	<b>ARDS Rx: Ventilation to Strategy Adjustments</b>
08.20 AM- 08.40 AM	<b>COPD Flare Rx: From Bronchodilators to ICU Support</b>
08.40 AM- 09.00 AM	<b>Pneumonia Rx: Antibiotics to Septic Shock</b>
09.00 AM- 09.20 AM	<b>Hemoptysis Rx: Stabilization to Prescription Modifications</b>
09.20 AM- 09.40 AM	<b>Pleural Effusion Rx: Antibiotics to Drainage</b>
09.40 AM- 10.00 AM	<b>Pulmonary Edema Rx: Diuretics to Shock Escalation</b>
<b>Cardiac Critical Care Rx</b>	
10.00 AM- 10.20 AM	<b>Cardiogenic Shock Rx: Inotropes to ECMO Therapy</b>
10.20 AM- 10.40 AM	<b>Arrhythmia Rx: From Antiarrhythmics to Electrical Cardioversion</b>
10.40 AM- 11.00 AM	<b>Acute Coronary Syndrome Rx: Anticoagulation to Percutaneous Coronary Intervention</b>
11.00 AM- 11.20 AM	<b>Pericardial Tamponade Rx: From Fluid Resuscitation to Pericardiocentesis</b>
11.20 AM- 11.40 AM	<b>Hypertensive Crisis Rx: From Antihypertensives to IV Nitroglycerin</b>
11.40 AM- 12.00 PM	<b>Pulmonary Embolism Rx: Initial Anticoagulation to Hemodynamic Collapse</b>
<b>Neuro Critical Care Rx</b>	
12.00 PM- 12.20 PM	<b>Stroke Rx: Thrombolysis to ICP Management</b>
12.20 PM- 12.40 PM	<b>Status Epilepticus Rx: Anticonvulsants to Anesthetic Coma</b>
12.40 PM- 01.00 PM	<b>Acute Flaccid Paralysis Rx: From Progressive Paralysis to Ventilatory Support and Rehabilitation</b>
<b>01.00 PM- 02.00 PM</b>	<b>Lunch Break</b>
02.00 PM- 02.20 PM	<b>Subarachnoid Hemorrhage Rx: From conservative to Intervention</b>
02.20 PM- 02.40 PM	<b>Brain Death Rx: From Ventilation to Organ Donation</b>
02.40 PM- 03.00 PM	<b>TBI Rx: Osmotic Therapy to Decompressive Craniectomy</b>
<b>Gastro &amp; Nephro Critical Care Rx</b>	
03.00 PM- 03.20 PM	<b>Acute Pancreatitis Rx: Fluid Resuscitation to Surgical Intervention</b>
03.20 PM- 03.40 PM	<b>GI Bleed Rx: From Endoscopy to Hemodynamic Support</b>
03.40 PM- 04.00 PM	<b>Acute on Chronic Liver Disease Rx: From Stabilization to Multiorgan Support</b>
04.00 PM- 04.20 PM	<b>Acute Kidney Injury Rx: From Fluid Resuscitation to Renal Replacement Therapy</b>
04.20 PM- 04.40 PM	<b>Chronic Kidney Disease Exacerbation Rx: From Diuretics to Dialysis</b>
04.40 PM- 05.00 PM	<b>Urosepsis Rx: Antibiotics to Source Control and Renal Support</b>

# Scientific Program

Day 2: 13th April 2025

Time	Topics
<b>Endocrine &amp; Metabolic system Rx</b>	
08.00 AM- 08.20 AM	Diabetic Ketoacidosis Rx: From Insulin Infusion to Electrolyte Correction
08.20 AM- 08.40 AM	Adrenal Crisis Rx: From Hydrocortisone to Vasopressor Support
08.40 AM- 09.00 AM	Thyroid Storm Rx: From Antithyroid Medications to Beta-Blockade
09.00 AM- 09.20 AM	Myxedema Coma Rx: From Levothyroxine to Respiratory Support
09.20 AM- 09.40 AM	Severe Hyponatremia Rx: Balancing Fluids to Hypertonic Rescue
09.40 AM- 10.00 AM	Heat Stroke Rx: Swift Cooling to Organ Salvage
<b>Infection &amp; Antibiotics Rx</b>	
10.00 AM- 10.20 AM	Fever in the ICU Rx: Unveiling Causes, Targeting the Cure
10.20 AM- 10.40 AM	Intra-Abdominal Infection Rx: Taming the Source, Battling the Sepsis Storm
10.40 AM- 11.00 AM	Fungal Sepsis Rx: From Silent Invader to Critical Care Conqueror
11.00 AM- 11.20 AM	Infections in Immunocompromised Hosts Rx: Defying Defenses, Targeting Invaders
11.20 AM- 11.40 AM	Meningitis Rx: From Antimicrobials to ICP Mastery
11.40 AM- 12.00 PM	Antibiotic Resistance Rx: Battling Superbugs in the ICU
<b>Obstetric Critical Care Rx</b>	
12.00 PM- 12.20 PM	Eclampsia Rx: Seizure Control to Multiorgan Stabilization
12.20 PM- 12.40 PM	Postpartum Hemorrhage Rx: From Uterotonics to Surgical Rescue
12.40 PM- 01.00 PM	Amniotic Fluid Embolism Rx: From Crisis Stabilization to ICU Care
01.00 PM- 02.00 PM	Lunch Break
02.00 PM- 02.20 PM	PRES Syndrome Rx: From Seizure Control to BP Management and Recovery
02.20 PM- 02.40 PM	Obstetric Sepsis Rx: From Source Control to Hemodynamic Recovery
02.40 PM- 03.00 PM	Cardiomyopathy in Pregnancy Rx: From Heart Failure to Postpartum Follow-Up
<b>Toxicology Rx</b>	
03.00 PM- 03.20 PM	Snakebite Envenomation Rx: From Antivenom to Hemodynamic Support
03.20 PM- 03.40 PM	Alcohol Toxicity Rx: From Fluids to Thiamine and Hemodialysis
03.40 PM- 04.00 PM	Organophosphate Poisoning Rx: From Atropine to Pralidoxime
04.00 PM- 04.20 PM	Paraquat Poisoning Rx: Immunosuppression to Hemofiltration and Antioxidants
04.20 PM- 04.40 PM	Aluminum Phosphide Poisoning Rx: Resuscitation to Antioxidant Therapy and ECMO
04.40 PM- 05.00 PM	Acetaminophen Toxicity Rx: From N-Acetylcysteine to Multiorgan Support
